

Dear Sirs,

IRCE is a downstream user (DU) respect REACH regulation.

Downstream user are not submitted to registration activity.

We already asked to our copper, aluminium and chemical suppliers to register any substances foreseen by REACH regulation.

In addition we sent to our copper and chemical suppliers the information about the intended use of the chemical substances supplied.

We declare that the articles: **COPPER MAGNET WIRE, ALUMINUM MAGNET WIRE** provided by IRCE do not contain SVHC substances in quantity >0,1% w/w.

Best regards.

Imola 20/06/2013

F. Casadio

IRCE General Manager
